Policy	Philosophy	
IP	When possible, open-source with ownership by the CHERI Alliance If not, member bringing the IP keeps ownership and gives a license to other members CHERI specs and software adapted to CHERI are out of scope for the Alliance	
Trademark	Community members can use community trademark (e.g. for research) Members can use member-only trademark in communication Products need to be certified to bear product-only trademark	
Code of conduct	Inclusivity, openness, honesty Includes compliance with the law: anti-bribery, export control, sanctions	
Conflict of interest	Focus on benefit to the community, enable competitors to collaborate	3D]
Anti-trust	Statement of competition compliance	

As open as possible
