WHAT WE NEED FROM YOU

We need your help to take CHERI from world-leading research to world changing adoption

Clear **evidence**-based adoption stories

More CHERI-literate **skills** across engineers and practitioners

Continued involvement in global **standards** efforts

Promotion of the **narrative** around CHERI's value (Security, Cost, Performance)

CLOSING MESSAGE

CHERI is a strategic secure-by-design opportunity for the UK.

DSIT is committed to supporting the next phase of adoption.

Looking forward to partnering with the community.

THANK YOU
